- ❖ Swing and sliding door options available
- ❖ Standard door(s) shall be 900mm w X 2100mm h X 45mm thick
- ❖ Each door includes a closer, sweep, threshold, satin chrome lever set

Ballistic Gun Ports:

- ❖ Sliding gun design is easily opened, closed, and locked into place
- ❖ Manufactured from 12ga steel
- ❖ Available in stainless steel or custom color to match the exterior of the building

Ballistic Windows:

- ❖ Offered in all UL Levels of Ballistic Protection
- ❖ Fixed picture windows shall be nominal 900mm w X 1100mm h
- ❖ Window frame composed of Steel/Aluminum with no exposed fasteners
- ❖ Window tinting and glazing available with custom light transmittance

A truly Ballistic Rated Building requires all the building's components to be ballistic rated as well. Additionally, the system's design and accessories must be laid out to provide a level of protection that is greater than any threat it may face. For these reasons, our ballistic building components, ballistic doors, windows, gun ports, and more, go above and beyond to ensure the building's occupants are safe and able to combat force brought their way.

VAULT STRUCTURES AUSTRALIA PROVIDE HIGH QUALITY SECURITY EQUIPMENT FOR THE SECURITY INDUSTRY. WORLDWIDE.
